

Christmas Family Time

In the middle of the hustle and bustle of December, take some time to slow down and have some purposeful, fun, family time. Cut these coupons up and place them in a jar. Take turns drawing out one from the jar to find out what you are going to do on a free night. Or sit down with your calendar and add the dates to the coupon. Two are left blank for you to add your personal family traditions. Enjoy your time together!
